

Each One Teach One

As part of the Joy of Giving festival, InterGlobe Technology Quotient in collaboration with Uday Foundation organized an activity of Each one Teach One towards improving a child's learning levels. This activity entails teaching underprivileged government school children. The session was aimed to help children learn better by helping them with their doubts/answering questions related to their academic curriculum/teach concepts from subjects like English, Computer, Mathematics. The activity was organized on 25th Oct 2016.
