

Travelport starts 2013 with a win in Poland

INT Travel, a leading IATA accredited agency in southern Poland, switches to Travelport

Warsaw, Poland

Feb 1, 2013

Travelport, the business services provider to the global travel industry, has today announced a new multi-year agreement with INT Travel, one of the largest independent IATA accredited travel agencies in the southern part of Poland. As part of the agreement, INT Travel will use the new Travelport Smartpoint App™ for Worldspan Go!

“We are delighted to be moving our business to Travelport as they clearly are a leading player in the global travel industry”, said Bogusław Szyma, President of INT Travel. “The reliability of the Worldspan platform, coupled with a sales team that truly understands our business, made it an easy decision to make.”

Marcin Pilarski, Managing Director Eastern Europe, added: “This is a great way to start the new year and a further endorsement of our position here in Poland. We continue to deliver great products that are helping our existing customers to achieve more, and also helping us to win new customers like INT travel.”
