

## NG Travel launches two OTAs on Travelport Platform

February 13, 2016

Travelport has announced a new deal with NG Travel Group, owner of Beach Tours, Dubai Tours and USA Tours.

All of NG Travel Group's business will move to Travelport – starting with Beach Tours and Dubai Tours which have now launched on the Travel Commerce Platform.

Beach Tours and Dubai Tours are both online travel agencies based in Denmark which focus on the Danish leisure travel sector. As part of the new agreement, NG Travel Group will utilise Travelport's Travel Commerce Platform to process travel bookings and provide users with real-time search, pricing, booking, payment and integrated itinerary creation for travellers.

The group will also use from Travelport Smartpoint, the agency point of sale solution that enables access to Travelport's travel content, including branded fares and ancillaries from national and low cost carriers.

Jan Lockhart, CEO at NG Travel Group said: "We are pleased to have reached a new agreement with Travelport. We will be utilising the unique products on offer to deliver unrivalled content, resulting in greater choice and convenience for our customers which will help us continue to provide the exceptional service we pride ourselves on."

Peter Cramon, Travelport, added: "This new deal is big news for Travelport and we are delighted that NG Travel Group sees the value that Travelport can bring to its business. This agreement is a testament to our ongoing commitment to help redefine how travel is booked and continue to improve the customer experience."
