

InterGlobe Technology Quotient showcases its expertise in Travel Technology in Surat and Ahmedabad

InterGlobe Technology Quotient (ITQ), a strategic business unit of InterGlobe Enterprise is the distributor of Travelport Galileo and Travelport Worldspan in Indian and SriLanka market. On 8th January, 2014, ITQ organized another road show in Surat and Ahmedabad on 10th of the month. The agenda of this roadshow was to build more awareness among the travel agents about the products and technology available for them to bring more efficiency with greater benefits. More than hundred travel agents participated in the event and gained valuable insights into industry happenings. It was a successful projection of the Travelport's global expertise in the travel and hospitality sector and its role in taking the agents to the next level of technology adoption.
