Travelport, a leading Travel Commerce Platform providing distribution, technology, payment and other solutions for the \$7 trillion global travel and tourism industry, has been honoured with the Best GDS award for the sixth consecutive year at the 25th Annual TTG Travel Awards 2014. The award was announced at a gala dinner in Bangkok last night.

The prestigious TTG Travel Awards have been recognising the best of Asia-Pacific's travel industry since 1989. The Best GDS award is included in the Travel Services Awards category which aims to honour organisations that provide the best product, services and facilities, as well as the most professional sales and marketing team in terms of innovative ideas and servicing. Votes cast by travel consultants, tour operators and destination management companies determined the winners.

Travelport adds this win to a series of recent high-profile accolades in the Asia-Pacific region, including *Best Technology Supplier* at the Travel Agents' Association New Zealand's 2014 National Travel Industry Awards and *Best Travel Agent Technology Innovation* at the Australian Federation of Travel Agents' National Travel Industry Awards.

"I am incredibly honoured to receive the Best GDS award on behalf of the Travelport Asia-Pacific team. This is a great testament to our commitment in providing the best service and products for our customers, delivered through our innovative Travel Commerce Platform. We are delighted that the travel industry has continued to recognise our hard work and determination," said Mark Meehan, Managing Director, Asia-Pacific, Travelport.
