Aug 23rd 2017: MakeMyTrip (NASDAQ: MMYT), India's leading online travel agency (OTA) has signed an agreement with Travelport's (NYSE: TVPT) distributor for India, InterGlobe Technology Quotient (ITQ), for the use of Travelport's Travel Commerce Platform.

Together with its well-recognized brands, MakeMyTrip, Goibibo and redBus, MakeMyTrip receives over 33 Million visits via its Desktop & Mobile-web platforms and serves over 40 Million Mobile App active users each month.

Under the agreement, MakeMyTrip can expand the use of Travelport's technology from the Ibibo Group to MakeMyTrip's other primary distribution channels starting in the second half of calendar year 2017. Gordon Wilson, Travelport's President and CEO, commented, "India is a market with enormous growth potential where Travelport, working with our distributor ITQ, has grown in air booking terms by 14% in the first half of 2017 when the GDS air market has grown by 11%. Securing a partnership with the leading online travel agency in the market, with a high growth profile and tremendous track record, gives even further impetus to our plans in the country. The fact that MakeMyTrip has elected to work with us is a testament to our investment in leading edge search, shopping and booking technology alongside the significantly differentiated travel content now available on our platform for both the domestic and outbound Indian traveller."

Deep Kalra, Founder, Chairman and Group CEO of MakeMyTrip added, "This is an exciting time for MakeMyTrip and we are delighted to partner with Travelport and ITQ as part of our growth strategy in the service of the travelling Indian consumer."
