# A tracker for all your travel queries during Covid-19

*Travelport has announced the launch of the Travelport Airline Health & Safety Tracker, which provides all information regarding flying at the time of the pandemic*

ETTravelWorld • July 30, 2020, 15:55 IST

In response to the demand from travellers and travel agents for information on airline health and safety measures, [Travelport](#) announced the launch of the Travelport Airline Health & Safety Tracker.

The tool, which is free of charge and available to both Travelport customers and the wider industry, highlights the safety measures being undertaken by more than 80 of the world's largest airlines. It is delivered to both online and offline travel agencies through Travelport's Covid-19 Smartpoint Plugin, Branded Fares Data File and Covid-19 Resource Hub.

The new tool provides detailed information on a range of topics, including: lockdown rules, entry requirements and quarantine measures for travellers. Country-level information is displayed at a button's click, allowing agents to advise their customers easily and effectively.

Kyle Moore, Global Head of Customer Strategy and Marketing, Travelport,

said, " In the recent months, the travel industry has introduced a wide array of robust health and safety measures to enable a safe and responsible return for travel. As we sit at the heart of the industry, both aggregating, and enabling the merchandising of travel content from all corners of the world, we are in a natural position to bring this information into a single place and deliver it to travel agents and travellers. Using our leading [technology](#), we believe this tool will help travellers to match their needs, bringing back confidence in travel, thereby supporting a strong industry recovery."

Sandeep Dwivedi, Chief Operating Officer at [InterGlobe Technology Quotient](#), said: "Gradual shifts towards safer journeys with refined safety measures is leading us to an evolving industry. To be able to track and match these safety measures with respective requirements shall lay genesis for a better travel booking experience — one that is frequently ensured by Travelport, lately with [the Airline Health and Safety Tracker](#). This readily accessible aid shall undoubtedly bring much respite from tedious manual searching and help travellers meet their respective requirements."

The Travelport Airline Health & Safety Tracker monitors the use of seven sought-after safety measures, which are mandated use of face masks, socially-distanced seating, temperature checks before boarding, improved air filtration, enhanced cleaning programs, reduced onboard food and beverage services, and mandated traveller health certification or declaration. The data, presented in a simple visual format, is updated by Travelport on a weekly basis.
