

Sri Lanka reopens for tourists after 10 months

The Sri Lanka Tourism Promotion Bureau has set up "Safe and Secure" bubbles, mandating pre-departure and post-arrival PCR tests for tourists, restricting stay to designated Safe and Secure' certified, Level 1 hotel and beach resorts, and allowing access to select tourist spots only to limit visitors from mixing with the local community. Full operations have resumed at the island's two international airports, for commercial flights.

FICCI-ITQ to launch online day-long workshop 'Your Route to Success with Galileo'

The workshop will be launched on Feb 03, 2021, for travel enthusiasts and students. As a joint initiative between FICCI and ITQ, the workshop is designed to impart knowledge on Galileo - 1G Travelport Smartpoint and will be conducted by a certified trainer from Galileo. FICCI & ITQ are committed to strengthening the support mechanisms in the Travel & Tourism industry and contribute to the future of Travel & Tourism in the country.
